### 1. Product Name and Description

Product name : Spray Adhesive "K-GLUE"

The product is an all-purpose, pressure sensitive, spray adhesive for permanent bonding.

### 2. Features

Excellent adhesion power

Fast tack

High application ratio

Easy and effective way to use.

No formalin

### 3. Applications

Perfect adhesion of paper, paper label, fiber, cork, glass, metal, corrugated cardboard.

### 4. Technical Data

Physical state	thin amber colored liquid
Odor	weak solvent
Water solubility	insoluble
Specific gravity	0.67

### 5. Packaging

200ml/can, 48 cans/carton

### 6. Shelf life

12 months if stored upright between + 5 and + 25°C.

---

### 7. How to use:

---

Provide adequate ventilation.

Surfaces should be free of oil, dirt and grease.

Mask areas that should not be coated.

Shake can well. Note: The product does not require a ball agitator. For best results, the aerosol can should be at room temperature before spraying.

Apply a medium coat to both surfaces. Allow to dry one minute before bonding together.

For more porous surfaces, bond them while they are slightly wet. Allow one minute to dry.

---

### 8. Cautions

---

Do not use near heater or stove

Do not use in the room using fire

Do not keep it in the place above 40°C

Provide ventilation when used in the closed room

Do not throw it away into fire

Punch can before throwing it away

Keep out of children's reach
